

# Sport Water Filter

## (Model: PF201)

Pure Easy **PF201** is engineered to provide up to **10000 liters** of safe (exceeds USEPA standards), drinkable water at **1.5 liters per minute**. **PF201** is built from high quality, impact resistant food grade ABS plastics and is completely BPA free. Its patented ceramic membrane cartridge provides laboratory certified filtration effectiveness of 6 log (99.9999%) bacteria removal. It's a good choice for campers, hikers, emergency relief workers, military, etc.

Specifications	
Removes	99.9999% bacteria 99.99% Protozoa cyst 99% Turbidity
Dimensions	5.4 × 5.4 × 27 cm
Source of water	Fresh water
Capacity	10000 L
Flow rate	1.5 L/min
Weight	400 g
Material	ABS plastic, Ceramic, Stainless steel

**Sports Water Filter PF201**

### Field-tested Longevity

- Up to 10,000 liters of laboratory certified safe drinking water
- Easy to maintain filter cartridge
- Impact resistant ABS outer construction

### Patented Multi-stage Filter

- Pre-filter screen prevents large particulates from clogging the filter
- Ceramic filters out sediments, rust, suspensions, solid particulate matter and microorganisms
- NMC filter media removes heavy metals, residual microorganisms, and organic chemicals

### Laboratory certified performance

- 99.9999% bacteria removal
- 99.99% protozoan cysts removal
- 99% turbidity removal
- 0.1 micron ceramic cartridge
- Removes heavy metal ions
- Removes organic chemicals
- Improves taste

## Using Instructions

- Use the filter to pump filtered water from any source (lake, pond, river, puddle) directly into clean cups, bottles or hydration packs, removing 99.9999% of bacteria; 99.99% of protozoa, heavy metals, organic chemicals and other contaminants.
- Clean the filter cartridge surface with clean water and apply the provided abrasive paper if visible buildup is present.
- Dry the filter, reassemble and store in the included storage pouch until next use.

## Replacement Filter

- Filter cartridge needs to be replaced after its **10000L** capacity is reached.
- Recommended replacement time is **18 months** of regular use
- Seek replacement filter if any breakage, cracks, or holes appear on the ceramic surface

Replacement cartridge for **PF201**

Packaging Dimensions	
Inner packaging	Cardboard box
Packaging size	35 × 20 × 10 cm
Outer carton	67 × 37 × 31 cm
Pieces per carton	10
Carton weight	7.5 kg
